Father and Sons Home Painting Service has done an excellent job repairing, preparing, and painting my home. Their attitude was most pleasing and Dan has excellent communication skills - I always knew who was coming and when they would be here. Their expertise is obvious when you see the paint job.

The estimator, Tim, is very knowledgeable and made quite a few suggestions to us. The painter, Anthony, is polite and easy to work with. He works hard and takes pride in his work. Good helps are hard to find now a days. Working w/ Father and Sons crew is definitely a good experience!
